

Centre for Gender Research - Crossroads of knowledge

THE CENTRE FOR GENDER RESEARCH is a dynamic and productive research environment where transgressive encounters between cultural, social and biological understandings of sex and gender has become a characteristic and the Centre has in this way come a long way to pursuing research in all fields.

The researchers at the Centre for Gender Research have their background in various disciplines in the faculties of the humanities, social sciences, natural sciences, and medicine. Together we represent a great variety of competences and areas of specialisations. The research at the Centre for Gender Research covers a number of fields of research and active research groups.

We also provide a broad educational base where the students get to encounter gender research from mainly the humanities and social sciences but also from the natural sciences. For English speaking students we offer courses on advanced level.

Through transdisciplinary efforts, events, and conversations, the Centre for Gender Research transgresses traditional organisational and knowledge boundaries. The Centre offers a unique and vibrant university-wide meeting place for scholars and students in gender research.

**CENTRE FOR
GENDER RESEARCH**
CROSSROADS OF KNOWLEDGE

SEMINARS & EVENTS
Spring 2017

*Welcome to Centre for Gender Research
- Crossroads of knowledge*

THE CENTRE FOR GENDER RESEARCH aims to be a Crossroads of knowledge for research and researchers across disciplines, and therefore invites all who are interested to its open events and activities. Among these are the Thursday seminars which are held on Thursdays between 13.15 and 15.00 at the Centre for Gender Research (Villavägen 6, Uppsala). The Thursday seminars bring together several different research areas; men/masculinities, body/corporeality, queer theory, and science are only some of the themes that reflect the breadth of research conducted at the Centre.

We also arrange popular scientific lunch lectures together with Folkuniversitetet and Uppsala City Theatre. The series of lectures are called Genuslunch and are held on Tuesdays at Uppsala City Theatre (Kungsgatan 53, Uppsala).

More information about all events can be found on our website. We hope that you will find much of interest and that you will take the opportunity to participate in these exciting and fruitful events. Lectures will be held according to the language of each title, some in Swedish and some in English. Welcome!

Week 4, Jan 26th
Thursday seminar
