

15 PhD positions

Applications now open: www.oncornet.eu

Oncogenic GPCR Network of Excellence and Training

Marie Skłodowska-Curie European Training Network (ETN)

ONCORNET2.0 is looking for highly motivated and talented scientists to apply for projects in the labs of ONCORNET partners: **Martine Smit** (coordinator)/**Rob Leurs/Iwan de Esch/Jacqueline van Muijlwijk** (NL), **Steve Hill/Meritxell Canals/Steve Briddon** (UK), **Martin Lohse/Carsten Hoffmann** (DE), **Philippe Marin/Thierry Durroux/Sébastien Granier/Jean Philippe Pin**, **Françoise Bachelerie/Geraldine Schlecht-Louf** (FR), **Federico Mayor** (ES), **Graeme Milligan/Gerry Graham** (UK), **QVQ** (**Raimond Heukers**)(NL) and **InterAx** (**Maria Waldhoer**)(CH).

If you are interested in an ambitious scientific career then consider joining ONCORNET2.0, building on the success of ONCORNET. We are looking for the very best young researchers (ESRs) to join the network of Europe's renowned GPCR specialists. Your project will be on the scientific forefront of oncogenic GPCR drug targeting and you will participate in workshops with interdisciplinary and intersectoral exposure. The ONCORNET ESRs will become recognised for their scientific excellence, multidisciplinary understanding and commitment to use their research to progress the scientific field of preclinical drug discovery and thereby impact society. ONCORNET partner organizations are: **Cisbio, Sosei Heptares, ALMAC, Promega** and **Learning by Simulation (LBS)**.

Deadline application: **Jan 1 2020**. Expected start projects **April - Oct 2020**.
